

Product Data Sheet

XE Waterproof Laser Paper

Toner optimised print receptive polyester laser film

Surface Finish:	Matt coating both sides
Appearance:	White
Thickness:	195 micron – size A3 and A4
Total Weight:	258 gsm

Features

- Smooth matt surface provides a strong dense image with excellent print adhesion
- Waterproof, greaseproof, tearproof and wipeable
- Suitable for hole-punching without vulnerability to water penetration
- Can be printed on both sides in full colour
- Suitable for mono and colour copiers and laser printers*

***Please Note:** When printing Polyesters by laser or copier methods, the user should refer to their printer manual for best settings for film.

Applications

- Robust and durable medium for technical manuals, instruction sheets, data forms and other documents to be used outdoors or in harsh environments
- Replaces the need for paper to be printed and then encapsulated

Compatibility

- Suitable for most thermal transfer and dry toner (laser/LED/flash fusion) print processes, both mono and colour, including, for example, HP Laserjet 4xxx, OKI 93xx and Xerox iGen3'

***Please Note:** on such machines the user must establish for themselves the optimum settings and paper path, being aware of the thickness and weight of the material, which is beyond the rated capabilities of some devices.

Material Handling, and Shelf Life: 24 Months
