

DATA COPY EVERYDAY PRINTING

Data Copy Everyday Printing is a smooth white paper that gives you great results every time. It is ideal for volume copying and printing, everyday correspondence, reports and presentations.

All standard boxes come with a comfy 'grab and go' handle for easy carrying (excludes 4 hole punched) and a perforated side panel for ease of removal of all reams. There is a non stop box option for volume printing which has no ream wraps for easy machine loading.

The entire range incorporates ColorLok technology for excellent print results.

Data Copy Everyday printing is produced using FSC certified fibre from well-managed forests.
