

## EDIXION® OFFSET

**Edixion Offset is a FSC uncoated range with strong core values of reliability, consistency and all round quality.**

Supported by excellent whiteness and a strong bulk ratio through the huge number of items available, Edixion Offset will deliver results and satisfaction without difficulty. The highly desirable feel and character of Edixion Offset ensures that both Printers and Designers alike crave the quality, satisfaction and dependability that using Edixion brings.

### Technical Specifications

Basic Weight	Caliper	Bulk	CIE Whiteness	Opacity	Roughness
g/m2	µm	cm3/g		%	ml/min
60	75	1.25	150	87.0	200
70	90	1.28	150	90.0	250
80	102	1.28	150	92.5	250
